Post gave a report regarding inspections. Chuck Liknes, the independent contractor hired by the Board will start inspections now that renewals are completed. Post noted that 392 licensees have renewed, which includes apprentices, and 238 shops.

A discussion on sterilization was held. Klooster noted that he had spoken to the National Association of Barber Boards. They recommend H24 Clean Clipper for sterilization. Rhonda Gibson had spoke to someone in the state of Iowa. She recommended using a 70 percent alcohol solution and use a cotton ball. Andersen noted that there are two ways to sterilize to ensure that the Aids virus would not be present. One is to let the instrument dry for an extended period of time or use bleach. Klooster stated that the Board is still investigating, but for now a spray bottle can be used to clean instruments. Huber stated that straight edge razors should be outlawed, Gibson agreed. Klooster noted that the Association could adopt a policy regarding this issue.

Post stated that Solem had been reappointed until 1995. Post pointed out that an article about Willy Hickock a retired barber from Huron had been in the Huron paper.

Post noted that the Board has the National Association of Barber Boards survey results, and that the 66th Annual Conference of the National Association will be held in September.

Klooster made a motion to elect Solem President and Andersen Vice-President. Weber seconded. All in favor, motion carried.
